Ms. Scoles - I would like to say that I have some concerns that I think Chief Morgan addressed earlier in regards to the make-up of the department and how he is planning on moving people around, but I am also very concerned with the 12-hour shifts and how that is going to work. In addition to, I've been asking for most of a year to bring in an HR person and then to have a department performance audits conducted. I've talked with Mr. Scott, both of those things are going to be in the appropriations conversation that we have in a couple weeks so I would like very much to get through the appropriations meeting and then see what information Mr. Scott has for us in regards to a performance audit for not just PD, but for all of our departments to see where we truly need to have more and or less employees.
