Employee and Community Rel.: Scoles, Woods

Mayor - Quentin wants to replace Lauren Hefflefinger. Lauren resigned her position with the Shade Tree commission, she took a job after she had signed up for the commission and the new job did not allow her to attend the meetings. Quentin has actually approached me, a little background, he is an avid recreationalist, outdoors, he wants to give back to the community. When I first met Quentin, we did Peter Pan together, years ago.

A RESOLUTION AUTHORIZING AND DIRECTING THE SAFETY SERVICE DIRECTOR OF THE CITY OF MOUNT VERNON, OHIO, TO ENTER INTO CONTRACT WITH DYNAMIC NETWORKS FOR IT SUPPORT AND SERVICES; AND DECLARING AN EMERGENCY.

Finance and Budget: Francis, Hillier

Mr. Dzik - Dynamic Networks was previously known as ECR Computers, they provided IT support and service for the city for a number of years and at least for the last few we have had annual agreements with them. They basically provide all support to all city departments. If there are computer issues they troubleshoot and take care of it. They also maintain our inventory on our computers so they recommend to us when they are reaching end of life and need replaced. They were the firm that installed the downtown public wifi and so the price of this went up about $100 a month and that was partially due to the fact that they are now maintaining as part of this contract that downtown wifi.
Mr. Hillier - What's the total cost?
Mr. Dzik - The cost is $5,883 per month, which it was just north of about $5,700 a month last year.
Ms. Scoles - What is the range for the downtown wifi?
Mr. Dzik - It currently runs from the square to Ohio Avenue, but the goal is to get the whole central downtown covered.
Mr. Hillier - Have the business owners been given the password.
Mr. Dzik - We have given all the business owners the password, we tried to get it out through Main Street Mount Vernon, we've also tried to get it out through the Chamber. I know one of the goals is to get stickers printed up for the businesses that have the password on it, we just haven't gotten around to it yet.
Mr. Salyers - I am on the Connections committee for Main Street Mount Vernon, they are doing a handout or some sort of packet to all the businesses downtown that have different connections like the fire department number, police number, etc. and we have included the wifi password.

RESOLUTION NO. 2021-18

A RESOLUTION AUTHORIZING AND DIRECTING THE AUDITOR OF THE CITY OF MOUNT VERNON TO MAKE SUPPLEMENTAL APPROPRIATIONS.

Finance and Budget: Francis, Hillier

Mr. Scott - We have a number of grants and money coming in that we did not appropriate for when we did our meeting in January. Number 1, the MERIT Drug Court program received $20 from the University of Cincinnati, items 2 and 3 combined for a total of $750,000 is the FY 2020 CHIP housing program, that will be over a 19 month period between now and 2022. Items 4 and 5 together those are $150,000 that is coming from our community development program for critical infrastructure grant and formula grant. Part of this critical infrastructure will be sidewalks up on North Sandusky Street area where they are doing the renovation work now and that's what is going to help support that for us and will cover most of the project. Item 6 from ODOT safety grant, this is the intersection of Columbus Road and S. Main Street for $264,000, item 7 is the OPWC grant, the North Main Street and Chestnut Street intersection upgrade for $338,000 and that project is going to be taking place very shortly. Item 8 is from the Ohio EPA and the Muskingum Watershed, the Ohio EPA is providing $300,000 and the Muskingum Watershed is providing $200,000 for the restoration of our Kokosing River bank and the breech in the dykeway. Item 9 for $87,304, we have a continuation on an asphalt multi-use path in the Ariel-Foundation park. Item 10, from the Ariel Foundation for the snow removal services in a very targeted area for $10,000 that is a continuous grant and we appreciate their help on that. Item 11, arbor plantings for $108,595 and they have projects for the shade tree plantings as well as the continuation of a Knox Community hospital partnership that they had started last year as well.
Ms. Scoles - Do you know when the South Main Street signal intersection is going to begin, is that going to be lane closures, how is that going to work?
Mr. Dzik - I don't know the specifics of it, it is planned to start in the next month or two. I'll have to touch base with Brian and get back to you on that.
Mr. Scott - I am thinking it's mostly in the right-of-way if I recall.
Mr. Broeren - That is correct Mr. Scott. The bulk of the work will be off of the street itself, there will be some limited work moving the striping and things like that, but from my understanding it does not lead to much lane closures.

Mr. Francis - I am assuming this is for the digester?
Mr. Scott - We kept them on site, we didn't want them to leave and Mr. Orndorf in trying to get all of his paperwork together we were a little bit short in getting that completed, but overall they did a good job getting the work done. This was a very tedious project and I think we have two council ladies who can vouch for that in their tours out there as well.

Mr. Francis - Reading this and it says we're selling by sealed bid or on govdeals, but we are trading it in correct?
Mr. Dzik - The code that allows us to sell or dispose of equipment gives us the right to trade it in, put it on govdeals because of legislation that we pass every year. This is a trade in situation, we are disposing of it to trade it in to another vendor. In talking with Chief Christopher it's coming due for him to purchase some new cardiac heart monitors defibrillator devices. He will be working with the same vendor to get the newest version of these and they will be giving him a discount on the new devices.

Mr. Scott - Judge Thatcher did a very diligent job in regards to his 2021 appropriations and with that he had given me the information that he was able to garner enough resources, he asked for his appropriations to match what it did in the year 2020 and you were generous enough to allow that to happen and in doing so the Judge and his staff members were able to get dollars moved around to increase the three probation officers you see listed in Section 1 with the 2% increase and in Section 2 the administrative assistant in the probation department again for a 2% increase.
Ms. Scoles - How do you make this up between January up until this goes into effect?
Mr. Scott - Yes, this will be retro pay and a lump sum.

Mr. Scott - We have the same arrangement as before, in regards to the positions the Judge did indicate to me last year that he was going to be taking his second half-time court security officer to a full-time status. The gentleman has just gotten started, you can see the pay rate is significantly different between that one and the

officer in #1 position. Security officer #1 has been with us now at least 5 years if not a little longer. There is a continuation of when having two full-time people that the security officers and their staff that they have, they will be able to use their manpower much more efficiently than what it was only having a part-time position.

RE: Vacating an undeveloped portion of Kirk Street (formerly known as Elmwood Avenue)

Dear Friends,

On June 20, 1906 at 3:35 p.m., Recorder Charles Snow entered into public record the Plat Map for Elmwood Place which was laid out by the Elwood Realty Company. Elmwood Place was located in Clinton Township with Division Street as the eastern border. Vernon Avenue (now Mount Vernon Avenue) ended at Division Street. Elmwood Avenue, also, ended at Division Street.

Sometime between 1940 and 1960, Elmwood Avenue became known as Kirk Street, expanded from 30' to 50' wide, and improved from Newark Road to approximately 160 feet beyond South McKenzie Street. It is assumed that utilities to new properties required the improvement. There is a portion of Kirk Street that never was improved. It is, therefore, the request that a part of this non-improved portion of Kirk Street that lies between the two properties of Lifepoint Church Mount Vernon be vacated.

We submit this request to you for your consideration.

All questions should be addressed to:

Exhibit A
COMPLETE STREETS POLICY

1. Definition, Vision, and Intent

1.1 The City of Mount Vernon has been improving access and livability for all citizens over the past several years. This policy will institutionalize and standardize how new and reconstruction transportation projects improve access and livability throughout Mount Vernon. Once passed by Mount Vernon City Council, this policy will be applicable to all new, reconstruction, and scheduled maintenance projects within the jurisdiction of Mount Vernon. The policy is not intended to be used to reconstruct infrastructure before it is past its useful life or before scheduled improvements.

1.2 Complete Streets are connected multi-modal transportation networks, designed to safely and comfortably accommodate ALL users, regardless of individual differences, including, but not limited to motorists, pedestrians, cyclists, transit and school bus riders, delivery and service personnel, freight haulers, and emergency responders, while respecting the access needs of adjacent land uses.

1.3 Complete Streets are a vital component of the city's transportation network and contribute directly to Mount Vernon, Ohio goals to improve the health, safety, economic vitality, and quality of life in the community. Through implementation of Complete Streets principles, the transportation network in the city of Mount Vernon will be inclusive, equitable, safe, context-sensitive, flexible, and reflect best-practices design.

1.4 The City shall adopt and implement a Complete Streets Policy to ensure the city's rights of way accommodate all users. The specific goals are:

1. To promote livable, vibrant, and activity-friendly neighborhoods;
2. To expand recreational and transportation opportunities for cyclists and pedestrians, including their ability to get to schools, employment, parks, and other destinations;
3. To create a safer transportation environment and reduce the frequency and severity of vehicular, bicycle, and pedestrian-related crashes;
4. To improve and enhance the psychological, social, and physical health and fitness of the city's residents by providing safe and more convenient active transportation infrastructure;

Attachment: Exhibit A - MV Complete Streets Policy (2021-15 : Complete Streets Policy)

2. Applicability and Scope

2.1 All City-owned transportation facilities in the public right-of-way including, but not limited to, streets and all connecting pathways shall be planned, designed, constructed, operated, and maintained according to Complete Streets standards.

2. The activities are ordinary maintenance activities designed to keep assets in serviceable condition (e.g., mowing, cleaning, sweeping, spot repair and surface treatments such as chip seal or interim measures); or
3. RESOLUTION 2021-16

A RESOLUTION CONFIRMING THE MAYOR'S APPOINTMENT OF QUENTIN PLATT TO THE SHADE TREE AND BEAUTIFICATION COMMISSION; AND DECLARING AN EMERGENCY.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Mount Vernon, State of Ohio:

SECTION 1: That the Council for the City of Mount Vernon confirms the Mayor's appointment of Quentin Platt, 122 N. McKenzie Street, Mount Vernon, Ohio to the Shade Tree and Beautification Commission, fulfilling the unexpired term of Lauren Heffelfinger, commencing immediately, and ending October 4, 2022.

SECTION 2: This Resolution is hereby declared to be an emergency measure necessary for the immediate preservation of the public peace, health and safety, and for the further reason that an emergency exists in the usual daily operation of the various departments of the municipal government and said Resolution shall, therefore, become effective upon its date of passage and approval by the Mayor, provided that it receives the affirmative vote of two-thirds (2/3) of the members elected to the Council of the City of Mount Vernon; otherwise it shall take effect and be in force from and after the earliest period allowed by law.

COMMENTS - Current Meeting:

Mayor - Quentin wants to replace Lauren Hefflefinger. Lauren resigned her position with the Shade Tree commission, she took a job after she had signed up for the commission and the new job did not allow her to attend the meetings. Quentin has actually approached me, a little background, he is an avid recreationalist, outdoors, he wants to give back to the community. When I first met Quentin, we did Peter Pan together, years ago.

RESOLUTION 2021-17

A RESOLUTION AUTHORIZING AND DIRECTING THE SAFETY SERVICE DIRECTOR OF THE CITY OF MOUNT VERNON, OHIO, TO ENTER INTO CONTRACT WITH DYNAMIC NETWORKS FOR IT SUPPORT AND SERVICES; AND DECLARING AN EMERGENCY.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Mount Vernon, Knox County, Ohio:

SECTION 1: That the Safety Service Director for the City of Mount Vernon be and he herewith is authorized and directed to enter into contract with Dynamic Networks for IT support and services.

SECTION 2: This Resolution is hereby declared to be an emergency measure necessary for the immediate preservation of the public peace, health and safety, and for the further reason to provide uninterrupted IT support and services to the City and said Resolution shall, therefore, become effective upon its date of passage and approval by the Mayor, provided that it receives the affirmative vote of two-thirds (2/3) of the members elected to the Council of the City of Mount Vernon; otherwise it shall take effect and be in force from and after the earliest period allowed by law.

COMMENTS - Current Meeting:

Mr. Dzik - Dynamic Networks was previously known as ECR Computers, they provided IT support and service for the city for a number of years and at least for the last few we have had annual agreements with them. They basically provide all support to all city departments. If there are computer issues they troubleshoot and take care of it. They also maintain our inventory on our computers so they recommend to us when they are reaching end of life and need replaced. They were the firm that installed the downtown public wifi and so the price of this went up about $100 a month and that was partially due to the fact that they are now maintaining as part of this contract that downtown wifi.

Mr. Hillier - What's the total cost?

Mr. Dzik - The cost is $5,883 per month, which it was just north of about $5,700 a month last year.

Ms. Scoles - What is the range for the downtown wifi?

Mr. Dzik - It currently runs from the square to Ohio Avenue, but the goal is to get the whole central downtown covered.

Mr. Hillier - Have the business owners been given the password.

Mr. Dzik - We have given all the business owners the password, we tried to get it out through Main Street Mount Vernon, we've also tried to get it out through the Chamber. I know one of the goals is to get stickers printed up for the businesses that have the password on it, we just haven't gotten around to it yet.

Mr. Salyers - I am on the Connections committee for Main Street Mount Vernon, they are doing a handout or some sort of packet to all the businesses downtown that have different connections like the fire department number, police number, etc. and we have included the wifi password.

COMMENTS - Current Meeting:

Mr. Scott - We have a number of grants and money coming in that we did not appropriate for when we did our meeting in January. Number 1, the MERIT Drug Court program received $20 from the University of Cincinnati, items 2 and 3 combined for a total of $750,000 is the FY 2020 CHIP housing program, that will be over a 19 month period between now and 2022. Items 4 and 5 together those are $150,000 that is coming from our community development program for critical infrastructure grant and formula grant. Part of this critical infrastructure will be sidewalks up on North Sandusky Street area where they are doing the renovation work now and that's what is going to help support that for us and will cover most of the project. Item 6 from ODOT safety grant, this is the intersection of Columbus Road and S. Main Street for $264,000, item 7 is the OPWC grant, the North Main Street and Chestnut Street intersection upgrade for $338,000 and that project is going to be taking place very shortly. Item 8 is from the Ohio EPA and the Muskingum Watershed, the Ohio EPA is providing $300,000 and the Muskingum Watershed is providing $200,000 for the restoration of our Kokosing River bank and the breech in the dykeway. Item 9 for $87,304, we have a continuation on an asphalt multi-use path in the Ariel-Foundation park. Item 10, from the Ariel Foundation for the snow removal services in a very targeted area for $10,000 that is a continuous grant and we appreciate their help on that. Item 11, arbor plantings for $108,595 and they have projects for the shade tree plantings as well as the continuation of a Knox Community hospital partnership that they had started last year as well.

Ms. Scoles - Do you know when the South Main Street signal intersection is going to begin, is that going to be lane closures, how is that going to work?

Mr. Dzik - I don't know the specifics of it, it is planned to start in the next month or two. I'll have to touch base with Brian and get back to you on that.

Mr. Scott - I am thinking it's mostly in the right-of-way if I recall.

Mr. Broeren - That is correct Mr. Scott. The bulk of the work will be off of the street itself, there will be some limited work moving the striping and things like that, but from my understanding it does not lead to much lane closures.

COMMENTS - Current Meeting:

Mr. Francis - I am assuming this is for the digester?

Mr. Scott - We kept them on site, we didn't want them to leave and Mr. Orndorf in trying to get all of his paperwork together we were a little bit short in getting that completed, but overall they did a good job getting the work done. This was a very tedious project and I think we have two council ladies who can vouch for that in their tours out there as well.

RESOLUTION 2021-21

A RESOLUTION AUTHORIZING THE SAFETY SERVICE DIRECTOR TO SELL BY SEALED BID OR DISPOSE OF EQUIPMENT IN THE FIRE DEPARTMENT NOT NEEDED FOR PUBLIC USE BY THE CITY OF MOUNT VERNON, AND DECLARING AN EMERGENCY.

WHEREAS, Ohio Revised Code Sections 721.01 and 721.15 authorize municipalities to dispose of personal property and vehicles no longer needed for municipal use,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Mount Vernon, State of Ohio:

SECTION 1: That the Council finds that the City of Mount Vernon Fire Department owns a two (2) Lifepak Heart Monitors that are no longer needed for public use. Council also finds that the value of this equipment is in excess of $1,000.00. Council further finds that the city is in need of more equipment and that it may be advantageous to authorize the trade-in of the surplus equipment.

SECTION 2: That the Safety Service Director for the City of Mount Vernon be authorized and directed to sell or dispose of the equipment pursuant to any method authorized by Revised Code Section 721.15.

SECTION 3: This Resolution is hereby declared to be an emergency measure necessary for the immediate preservation of the public peace, health and safety, and for the further reason of expediting the sale or trade of this item, and said Resolution shall, therefore, become effective upon its date of passage and approval by the Mayor, provided that it receives the affirmative vote of two-thirds (2/3) of the members elected to the Council of the City of Mount Vernon; otherwise, it shall take effect and be in force from and after the earliest period allowed by law.

COMMENTS - Current Meeting:

Mr. Francis - Reading this and it says we're selling by sealed bid or on govdeals, but we are trading it in correct?

Mr. Dzik - The code that allows us to sell or dispose of equipment gives us the right to trade it in, put it on govdeals because of legislation that we pass every year. This is a trade in situation, we are disposing of it to trade it in to another vendor. In talking with Chief Christopher it's coming due for him to purchase some new cardiac heart monitors defibrillator devices. He will be working with the same vendor to get the newest version of these and they will be giving him a discount on the new devices.

COMMENTS - Current Meeting:

Mr. Scott - Judge Thatcher did a very diligent job in regards to his 2021 appropriations and with that he had given me the information that he was able to garner enough resources, he asked for his appropriations to match what it did in the year 2020 and you were generous enough to allow that to happen and in doing so the Judge and his staff members were able to get dollars moved around to increase the three probation officers you see listed in Section 1 with the 2% increase and in Section 2 the administrative assistant in the probation department again for a 2% increase.

Ms. Scoles - How do you make this up between January up until this goes into effect?

Mr. Scott - Yes, this will be retro pay and a lump sum.

Mrs. Warga - I Section 1 it says 2020?

Mr. Scott - We will make that a scrivener's error and make that 2021.

COMMENTS - Current Meeting:

Mr. Scott - We have the same arrangement as before, in regards to the positions the Judge did indicate to me last year that he was going to be taking his second half-time court security officer to a full-time status. The gentleman has just gotten started, you can see the pay rate is significantly different between that one and the officer in #1 position. Security officer #1 has been with us now at least 5 years if not a little longer. There is a continuation of when having

two full-time people that the security officers and their staff that they have, they will be able to use their manpower much more efficiently than what it was only having a part-time position.
