The committee held a public hearing to discuss Ordinance No. 2023-31, determining that the establishment of the Mount Vernon New Community Authority will be conducive to the public safety, convenience and welfare and is intended to result in the development of a new community and declaring the New Community Authority to be organized and a body politic and corporate, and defining the boundary of the new community district. This is the third piece of legislation to come before Council on the NCA. The base development charge of 4 mills would raise an estimated \$7.5 million over 30 years in collections from the Rockford Homes and Highland Real Estate housing developments. The money raised would then be used for infrastructure improvements and various community facilities. The NCA would also require the formation of a seven-member board, appointed by both Council and the Mayor, which would be addressed in a fourth piece of legislation. Knox County Area Development Foundation President Jeff Gottke explained that the board would meet once or twice a year, and would focus on housing project prioritization. Civil Service Director Tony DeIuliis indicated an interest in being a part of the NCA. No further meetings on the matter were requested. Ordinance No. 2023-31 was up for a first reading at Council's Legislative Session later in the evening.

Respectfully submitted,
