- The Division of Water and Wastewater

I am writing in regards to my account, 27.41.8 - 800 S Main Street. A couple of weeks ago I was watering my garden and forgot to turn off the hose. It was a Friday morning, so with Saturday being a weekend day, my schedule was off and I didn't catch my error for over 24 hours. I realize it is completely my fault, but I thought I'd still reach out and see if I could get any kind of reprieve - at least maybe on the sewer side. The water just ran into the ground. Thank you for your time.

Sincerely,
Rebecca Cook
