Scheduled

ORDINANCE 2026-2

Meeting 1/27/2026 7:30 PM

Utilities

Ruckman, Miller

Category: Ordinance

Prepared By: Rob Broeren, Law

Director

Doc ID: 2026-30

**AN ORDINANCE TO AMEND SECTION 911.04 OF THE CODIFIED
ORDINANCES OF THE CITY OF MOUNT VERNON.**

NOW THEREFORE, BE IT ORDAINED BY THE COUNCIL OF THE CITY OF
MOUNT VERNON, STATE OF OHIO, THAT:

Section 1. That Section 911.04(g) of the Codified Ordinances be amended to read
as follows (additions in **bold**, deletions in ~~strikethrough~~):

(g) ~~Grease and Oil Traps and Intereceptors~~ **Fats Oils and Grease (FOG)
Control Devices.** For ~~grease, fats, oil, and grease~~ **inorganic material such as
sand, grit, etc.,** ~~intereceptors or traps~~ **control devices** shall be provided at the
User's expense when, in the opinion of the Director, they are necessary for the
proper handling of liquid wastes containing floatable grease in excessive amounts,
as specified in subsection (e)(3)M. and (e)(3)N. hereof, ~~or any flammable wastes,
sand, or other harmful ingredients;~~ except that such ~~intereceptors~~ **devices** shall not
be required for single-family residences, duplexes, or other multi-unit residences
unless the Utilities Commission determines there are discharges that may create
problems in the sanitary sewer. ~~All Users shall also be subject to permit per Section
911.06.~~ **All Users with such a device are required to obtain a FOG Permit
from the City's Code Enforcement Department.**

(1) ~~All intereceptors and traps~~ **FOG control devices** shall be of a type and
capacity approved by the Utilities Commission, and shall be located as to be readily
and easily accessible for cleaning and inspection. All ~~intereceptors or traps~~ found not
to be in compliance with these guidelines shall be modified or replaced **in a timely
manner at the User's expense.** In the maintaining of these ~~intereceptors~~ **FOG
control devices**, the owner shall be responsible for the proper removal and
disposal by appropriate means of the captured material and shall maintain records
of the dates, and means of disposal which are subject to review by the Director. Any
removal and hauling of the collected materials ~~not performed by the owner's
personnel~~ must be performed by ~~currently~~ fully licensed waste disposal ~~or
rendering~~ firms.

(2) The introduction of additives containing surfactants and/or enzymes into
the trap, interceptor, or sanitary sewer is prohibited. Food services wishing to use
aqueous suspensions of grease-consuming bacteria for grease control shall submit a
written request to the Director and must receive written approval prior to their use.

(3) Users with the potential to discharge flammable substances may be
required to install and maintain an approved combustible gas detection meter.

(4) **Permits are to be issued for a maximum period of one year. The**

City shall provide the owner with a permit indicating the requirements that the establishment must meet in order to comply with FOG Best Management Practices. Applications for permit renewal shall be submitted no less than thirty (30) days prior to the expiration date of the permit.

(5) A fee shall be assessed to each permit issued and shall be paid prior to the issuance of a FOG Permit. This fee shall be set by the Control Board. Failure to pay fees will result in termination of water and wastewater services.

(6) The Utility Commission may adopt additional rules to implement the City's FOG permitting requirements, including fines for violations of these provisions.

Bruce E. Hawkins, Presidents of Council

PASSED: _____, 2026

ATTEST: _____
Zachary Sherman, Clerk of Council

APPROVED: _____, 2026

Matthew T. Starr, Mayor
